September 30th, 2026

To: Clients of M365

To whom it may concern,

Microsoft recognizes the need to maintain an appropriate internal control environment and report on the effectiveness of, as well as material changes to, its system of internal control. This letter confirms that based on our records, and to the best of our knowledge, as of the date September 30, 2026, we are not aware of any material changes to the system of internal control provided by Microsoft, nor has anything come to our attention that we believe would impact the conclusions reached in the most recent SOC 1 type 2 and SOC 2 type 2 reports.

To conclude upon the complete design effectiveness of internal controls at Microsoft, you also should read the SOC 1 type 2 and SOC 2 type 2 reports currently available. This letter is not intended to be a substitute for the SOC 1 type 2 and SOC 2 type 2 reports, or to provide you with a certification of Microsoft's internal control, or to suggest to you that Microsoft has performed a separate evaluation of its controls for the purposes of producing this letter.

These communications, also known as bridge letters, are published quarterly, upon the completion of the quarter. The most recent SOC 1 type 2 and SOC 2 type 2 reports, covering the period from 1 October 2024, through 30 September 2025, were released in February 2026.

Sincerely,

Oliver Bell (Sep 30, 2026 13:25:29 PDT)
X
